Creativity With Your Smart Phone

Topic

Creativity with Your Smart Phone by Hazel Meredith, APSA, HonNEC. Creative processing isn't limited to our desktop computers! Learn to create exciting, creative images on your smart phone! We'll explore some of my favorite apps for creative processing including Snapseed, DistressedFx+, Image Blender, Retouch, and the JixiPix suite of apps. (Many apps are both iPhone/Android).

Bio

Hazel Meredith, APSA, HonNEC, Meredith Images. Hazel Meredith is an award-winning photographer and a sought-after teacher, speaker, and competition judge. She began teaching in 2007, and now does seminars at camera clubs and conferences across the U.S. – both in-person and virtual. She offers her own workshops and has done webinars for several software companies. She has written two eBooks on working with textures and released two creative courses. She and her husband, Dave, produce the “Virtual Creative Photography Conference” with attendees from around the world. Hazel loves the creative aspect of photography and postprocessing, especially the use of textures and software to create unique images. She is actively involved with the photographic community and has held leadership roles and received honorary distinctions from several organizations. In the Fall of 2020, she was the recipient of the Ashbrook Award for Digital Imaging Instruction from the Photographic Society of America.
