Presents Nick Palmieri

<https://palmieri.photoshelter.com/index>

"Enhancing Your Photography Ethically with AI: Tools, Techniques, and Integrity"
Friday December 12, 2025 – 7:30 eastern Time)

Topic

In this thought-provoking lecture, photographers will explore how artificial intelligence can serve as a powerful assistant in both capturing and editing images without compromising the core values of authentic, intentional photography. Participants will leave with a clearer understanding of how to integrate AI as a supportive tool rather than a shortcut or substitute for artistic vision.

The session includes real-world examples, workflow demonstrations, and a guided discussion to reflect on personal boundaries and professional standards.

Bio

Nick Palmieri is an award winning photographer who enjoys the creative aspects of photography from wildlife to landscapes to portraits and macros. He has been presenting programs and workshops for over fifteen years. Nick currently serves as a trustee for the New Jersey Federation of Camera Clubs. He is a moderator for the popular Facebook page, "Photography Help, Tips, Techniques, and Critiques, Nick believes that the art of photography should be fully explored utilizing all the developments in modern technology while maintaining respect for its historical roots.

Westchester Photographic Society is proud to invite the public to see Nick Palmieri, December 12, 2025 – 7:30 (eastern time). Frequent guests are invited to become members of WPS: <https://www.wpsphoto.org/join-us>. To Register email Meetings@wpsphoto.org
