

WPS Special Showcase

AMERICA 250

"Images of the American Experience"

Our standard Showcase generally has a few members displaying many images. This special Showcase is an opportunity for many members to share a few images each and talk about their captures, thoughts and experiences associated with their photographs.

While the nation's 250th birthday is the impetus for this Showcase, we are inviting members to submit images that he/she feels is representative of Americana. Images could have been taken at any time. This is an opportunity for the club to come together and share their own take on the American experience.

To clarify, we are looking for any image(s) that tells something about the experience of being an American, living in America and/or scenes that you feel tells a story about our country. The general format will be like a standard Showcase with images being submitted through Photo Contest Pro.

December 8th is the Showcase night, December 6th the submission deadline. Each member may submit up to five (5) images and will be allowed a maximum of five (5) minutes to talk about their images.

Individuals will be invited to share their images and discuss circumstances of when and where you took the photograph and what the experience of the moment might have been. This will be storytelling at its best. We can have a lot of fun sharing experiences of memorable moments.
