Video Basic: Stills to Motion

Topic

Do you already shoot stills and want to take your visual story telling further with motion? Learn the basics of video creation with Canon DSLR and Mirrorless cameras to bring your creative vision to life beyond a static image. Join Tyler Beck for a 60-minute crash course into the tools and techniques of creating better videos.

Bio

Tyler Beck is a Canon Product Educator with a background in video production. After spending much time around photography growing up, he decided to challenge himself with the world of videography. He received a Bachelor Science degree in Mass Media Digital Film Production in 2012. While spending his time learning the ins and outs of cameras, he was the Cinematographer and Editor of Downtown: A Documentary Film.

Westchester Photographic Society is proud to invite the public to see Tyler Beck Tuesday January 5, 2027 – 8:00 (Eastern time). Frequent guests are invited to become members of WPS: https://www.wpsphoto.org/join-us. To Register email Meetings@wpsphoto.org
